

2019 Orange County Black History Cultural Faire Commercial Food Vendor Information

ATTENTION: Cultural Faire Commercial Food Vendor Participants

Attached you will find information from the Orange County Health Care Agency/Public Health Environmental regarding the basic structure of your booth to meet the Health Department requirement to operation at the Cultural Faire Event.

Each Vendor space will be provided with one covered booth (10' x 10') with one (1) table and two (2) chairs. Vendors must provide their own table covering and any additional table or chairs needed. Vendors must provide their own mesh screening for the booth space. **NO ELECTRICITY WILL BE AVAILABLE**

Keep in mind that on the day of the Event, individual Vendors will not be allowed to operate until the Health Department do a booth inspection and give approval for that individual Vendor booth which will be basic on how the Vendor filled out the **OPERATION SPECIFICATIONS** form.

Regarding question # 11 of the Operation Specifications - the Event is the longer than 4 hours therefore an approved three-compartment sink with dual drain boards will be required by the Health Department.

All Commercial Food Vendors will need to submit the **VENDOR APPLICATION**, and **VENDOR RELEASE FORM** in addition to the Health Care Agency forms - **OPERATION SPECIFICATIONS**, and **TEMPORARY FOOD FACILITY**.

Please return all the required documents with your application and fees to the Orange County Heritage Council by the deadline due date not to the County of Orange Health Care Agency.

HEALTH CARE AGENCY/PUBLIC HEALTH ENVIRONMENTAL HEALTH

Unpackaged Food Booths at Community Events

WHY THIS INFORMATION IS IMPORTANT

A temporary food booth, or how it is termed in law, a Temporary Food Facility (TFF) may operate at a community event, Certified Farmers Market or a swap meet. Because structurally they can look very different and be set up in all sorts of different locations it is sometimes confusing just what we, as the "Health Department" require. Environmental Health wants to make the process less complicated and confusing. The purpose of this informational bulletin is to highlight some of the basics that you as a food vendor need to know so you can operate not only easily, but safely as well.

WHAT THIS PACKET CONTAINS- EASY AS 1-2-3!

1. **Booth Structure Basics-Safety & Setup Diagrams (page 2)** It just makes good business sense to run a safe operation. We diagramed the basics for you based upon our experience to assist you. It protects your customers, reduces your liability and ensures your customers will come back for more without filing a complaint with us.
2. **Permit Application (page 3)** If you haven't already done so, please complete the application for health permit and submit it. You need an approved permit to operate.
3. **Operations Specifications (pages 4 & 5)** Tell us a little bit about your operation. We can then help guide you better through the requirements.

ADDITIONAL INFORMATION

- **What permit do I need?** If you plan to prepare and serve food onsite, you will be considered open food. If you are an open food booth, **complete the attached application.**
 - **Other permits available:**
 - If all your food is prepared prior to the event and individually packaged, you will be considered a "prepackaged" food booth. No opening of packages or preparation is allowed at the event. If this is your booth, **STOP** here and refer to the **Prepackaged TFF Information Bulletin.**
 - If all your food is prepared prior to the event and you will be dispensing or offering food and beverages from prefilled containers, your booth will be considered "prepackaged with open sampling." If this is your booth, **STOP** here and refer to the **Sampling and Dispensing TFF Informational Bulletin.**
- **Submit this Completed Packet** At least two weeks before the event to allow enough time for evaluation.
- **A Self-inspection Checklist** will be provided to you once your packet has been submitted. Remember to bring your copy to the event. This checklist will be part of your inspection.
- **Designate a Person-In-Charge of Your Booth** It is a requirement of law to have a Person-In-Charge.
- **Give Us a Call** Contact us by phone at **(714) 433-6000** or by email at ehhealth@ochca.com or find more comprehensive details regarding booth and event requirements at: <http://ocfoodinfo.com/tff>

2. Which one of the following best describes your operation during this event?

- No cooking; assembly only (Example: Sandwiches, Drinks)
- Single cooking step and assembly (Example: Burgers)
- Cooking, cooling, reheating, etc.
- Other _____

3. What Describes How Your Foods Will be Prepared?

- All foods are made, packaged and stored at an approved facility or Approved Cottage Food Operation prior to the Event.

Name and address: _____

- | | | | | | |
|---|---------------------------|----------------------------------|--|-----|----|
| <input type="checkbox"/> Owner Operated | Shared Food Facility: | Agreement submitted | | YES | NO |
| <input type="checkbox"/> In Orange County | Outside of Orange County, | Facility health permit submitted | | YES | NO |

- Food is obtained from approved sources the day of the event. Receipts must be provided at the time of the inspection

4. What type of material and methods are being used to construct the temporary food facility?

- A durable and readily cleanable floor surface such as concrete, asphalt, wood, or tarp is provided
- The booth is fully enclosed
- Pass-through openings are a minimum of 432 square inches
- Minimum screening size of 16 mesh is used
- A canopy is provided over the common three-compartment sink
- Other _____

5. What are the procedures for cleaning structure and disposal of waste?

- Inside the booth is cleaned as needed during the event or at the end of each day
- Rubbish is picked up by the event staff or booth operators
- Approved and adequate trash dumpster is provided
- Waste water is properly disposed of

6. How will food be transported, and steps taken to ensure safety of foods?

- Food is properly covered during transportation
- Cold/frozen food is maintained at or below 45°F during transportation
- Hot food is maintained at or above 135°F during transportation
- All food preparation takes place in an approved facility or inside the booth
- Food is obtained from approved sources and not obtained, prepared, and/or stored in private home
- Outdoor cooking equipment are protected from public access
- Only approved equipment and containers are used

7. Which one of the following describes your handwashing practices?

- One hand wash sink with 100°F running water under pressure is provided inside the booth with soap and paper towels (Events 4 days or more)
- Warm water in an insulated container with catch bucket is provided with soap and paper towels (Events less than 3 days)

8. **How will cold potentially hazardous food be maintained at or below 41°F?**

- No Refrigerated Foods being offered for sale
- Stored on ice, inside ice chest
- Displayed on top of ice
- Inside a refrigerated cart/truck/trailer separate from the TFF booth area. **A separate pre-package permit will need to be obtained from this Agency.**
 - Location at event (i.e inside booth or in parking lot of event): _____
- Inside insulated bag
- Inside an approved electrical refrigeration unit

Reminder: Potentially hazardous foods shall be temperature controlled at or below 41°F. Foods may be held at or below 45°F for up to 12 hours in any 24-hour period. At the end of the operating day, these foods held at 45°F shall be destroyed in a manner approved by Environmental Health.

9. **How will hot potentially hazardous food be maintained at or above 135°F?**

NOTE: Check with local Fire Department for restrictions on cooking/hot holding equipment.

- No Hot Foods being offered for Sale
- Inside steam table
- Inside hot holding cabinet/unit/bag
- On top of cooking equipment
- Chafing dishes
- Time as Public Health Control Plan (TPHC), Must be approved before the event.
- Other _____

Reminder: All hot potentially hazardous foods under temperature control must be held at or above 135°F. At the end of the operating day, these foods shall be destroyed in a manner approved by Environmental Health.

10. **Where will food be stored when the facility is not in operation?**

- Stored inside the booth protected from any type of contamination
- Returned to an approved food facility
- Leftovers discarded at the end of the day
- Inside a refrigerated cart/truck/trailer separate from the TFF booth area. **A separate pre-package permit will need to be obtained from this Agency.**
 - Location at event (i.e inside booth or in parking lot of event): _____
- Other _____

11. **What are the procedures for cleaning utensils and equipment?**

- An approved three-compartment sink with dual drain boards located inside the booth
- An approved three-compartment sink with dual drain boards located within 100 feet of the booth (shared by no more than eight (8) booths)
- A centrally located three-compartment sink is not required for the open food service provided because:
 - Adequate single service utensils are provided.
 - Operation is limited to 4 hours at the event AND replacement utensils are provided (minimum of 4 multi-use utensils are provided)
- Alternate Location where the utensils will be washed, rinsed and sanitized:

Name and Address: _____

- Owner Operated Shared Food Facility: Agreement Submitted YES NO
- In Orange County Outside of Orange County, facility health permit submitted YES NO

Important Reminder

All food needs to be from an approved source: We need to know where you get your food. All the food that you are going to sell needs to come from a commercial food facility. No cooking or storage of food is allowed at home before the event. You cannot bring home cooked products to the event unless you are an approved Cottage Food Vendor. If you want to share a kitchen that has a permit already, ask us how.

THANK YOU!
